INTRODUCTION

You've finished designing your home or business and everything fits perfectly except for that black box. By black box we are of course talking about the wonderful world of television. However, this comes at a price, an eye sore that every family room centres around. If you are style conscious you will eventually find that your television, although high performance and high definition, is a distraction from the design of the room. Many discerning clients may find that they want something more from their television.

There is a solution – a solution that means that the television blends in with any décor and looks good whether the television is switched on or off. What's the most important factor for someone who has a clear vision for the design of

their room? Harmony; anything that does not fit with this clear design will always be prominent and out of place, especially the television whose only function is to be viewed, and therefore draws the eye immediately.

At Frame Your TV we have come up with a stylish and impressive solution which converts this functional item into a room centrepiece. Combining traditional crafts with modern design and technology, we can turn your TV into a piece of art and improve your viewing experience. Guaranteed.

Our completely bespoke frames and solutions are available in a near unlimited range of colours, sizes and finishes to blend your TV perfectly with your interior décor. We also offer a range

of impressive features such as a special glass screen that magically transforms your TV screen into a feature mirror, or a painting which, at the touch of a button covers your TV screen with your favourite work of art when not in use. To ensure that you get the very best solution for your home or business, our service starts with a design consultation. One of our experienced advisers will talk you through all of the options available, and help you choose the options which will best enhance your living space. Every product is created to exact specification by our own craftsmen, and we offer a full mounting and installation service to complete the project. This brochure is designed to introduce you to some of the possibilities available with Frame Your TV.

CONTEMPORARY COLLECTION

A contemporary Frame for a contemporary society.

Our range of Contemporary TV Frames is anything but ordinary.

With a large selection of frame designs available, there are plenty of options to match any interior. To be modern, is to be diverse; in this day everything is in!

ORNATE COLLECTION

Ornate TV frames offer a stunning addition to any classical interior. These frames are inspired by some of the finest classical designs from around the world. Made to seamless museum quality, each frame in this premium selection is hand carved using traditional techniques and can also be gilded in 24k gold leaf or white gold leaf. As they are made to order, every frame offers a variety of custom gilding and depth options.

As well as offering these styles of frames in gold, silver, black, white and cream, we can also paint your TV Frame any colour to suit your décor perfectly.

BESPOKE HARDWOOD

Every Bespoke TV Frame is created by hand to perfectly complement your interior with your own unique choice of shape, wood, colour and finish. All our frames are made from premium hardwood and finished in our own UK workshops to the highest quality. Our Hardwood TV Frames can be stained or coated in a wide variety of colours and tones. So, if you desire something specific please just ask!

These pages feature just a minute sample of the frames we can create for our customers. We recommend an interview with one of our design consultants to find the options which will best enhance your own interior or business premises.

La Classico

A beautifully crafted frame with a round face and steps going inside with a special depth design. This is what makes this frame 'La Classico. For those who fancy a frame that is round with a look somewhat conservative and modern or you find that this frame just fits the style and theme of your property.

FRAME FACE WIDTH: 90mm

The Flatenium

This is a very beautiful frame for those who want a simple yet effective frame to blend neatly into the room's decoration. The frame has been crafted in such a way that when looking at the frame from the front you only see the face of the frame, giving the product a smooth and flawless appeal. We took inspiration from the simplicity of a basic frame and then transformed it into something much more appealing.

FRAME FACE WIDTH: 100mm

FRAME FACE WIDTH: 100mm

3Dditional

Inspired by the first TV devices that were created this frame gives a sophisticated yet clever look. Using special line grooves and steps the '3Dditional' frame is beautifully crafted giving a stunning effect when constructed around your TV and integrated into your home.

FRAME FACE WIDTH: 100mm

The Modernisation

The Modernisation is a frame influenced by the new 20th century frame designs which include curved and straight lines blended together. This frame gives an extraordinary look when built around a flat screen TV, comprising of a curved bottom and a sloping flat top. A frame that fits well with contemporary designs, and for those who are looking for something a bit unique to compliment their other furniture.

MIRRORED TV FRAMES

We are the only company in the UK that will produce a precise made to measure bespoke mirrored TV frame. No matter what size you want the mirrored TV frame we will create it. Enhance your interior with Bevelled or Non-bevelled Mirrored TV frames.

Frame Your TV offers a muted design for modern living, dining or living room areas. Timelessly stylish, it provides a generous viewing pane to check your appearance and reflect the beauty and harmony of your existing interior surroundings. Use this luxury wall mirror to add glamour to home decor settings or to encourage a feeling of depth and dimension in dimly lit design schemes.

BEVELLED EDGE

NON BEVELLED EDGE

B E S P O K E

LEATHER AND FABRIC

Our frames are not only available with a wooden finish. We can also wrap frames in many kinds of fabric, including our popular faux leather options. With the addition of an inner fabric between the frame and screen, this softer appearance helps any TV blend seamlessly with the interior décor. The addition of fabric also enhances the whole viewing experience. By creating a consistent colour and texture around the edge of your screen, the eye is free from distraction and reflection, thus giving you the full impact of the screen from any distance.

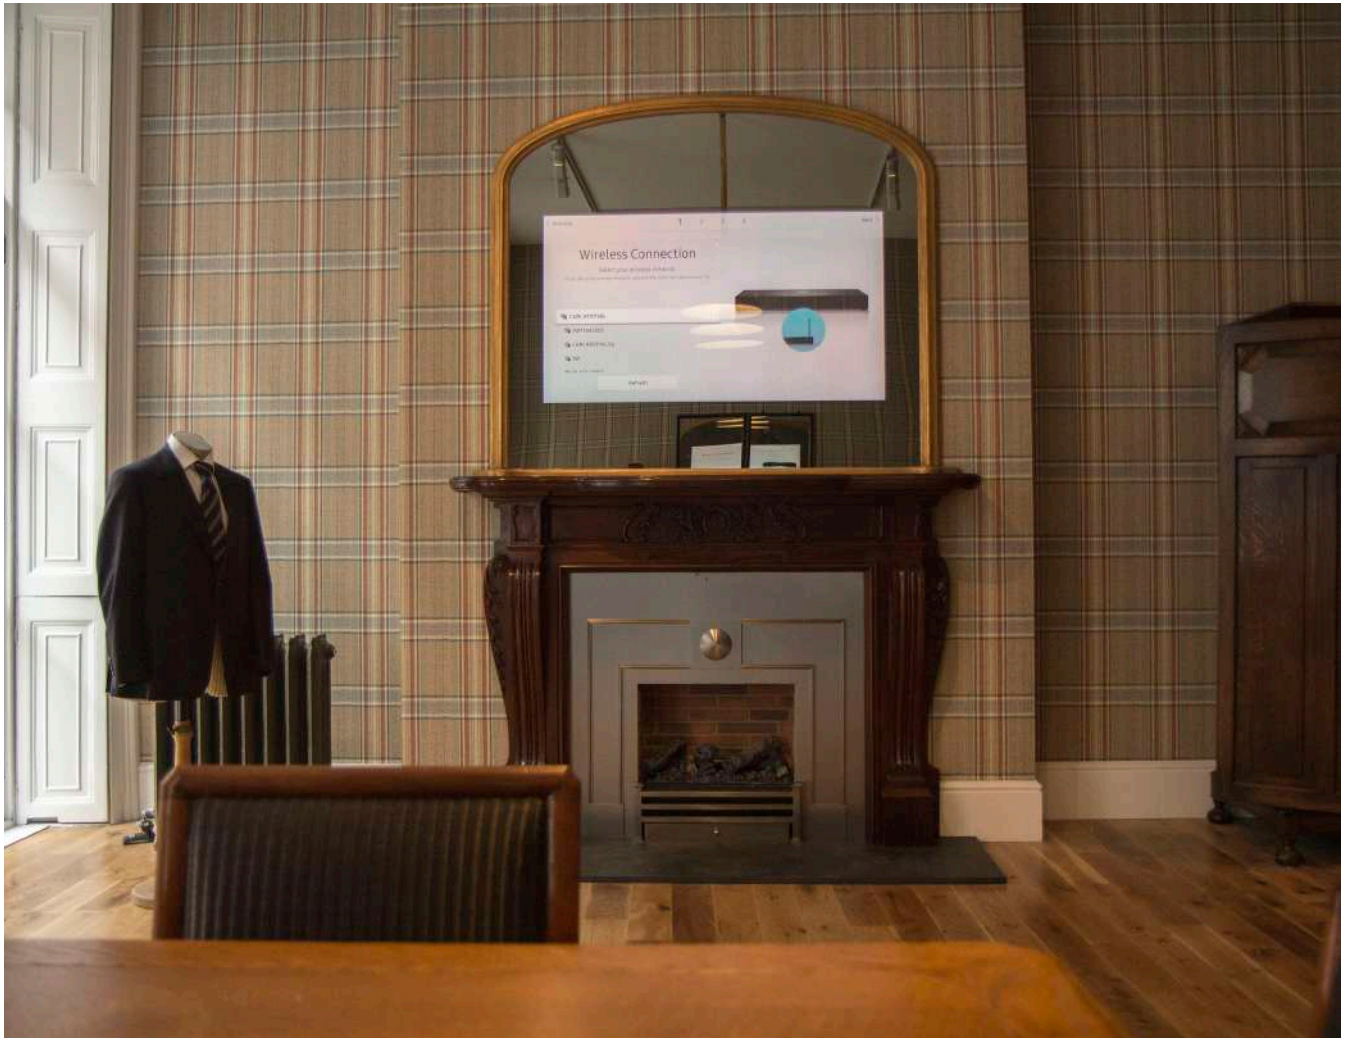

With our wide range of options, we can create the right colour, depth and style for any television and interior. All our leather and fabric frames are hand-finished to ensure the finest quality and to make every TV frame truly unique.

BESPOKE

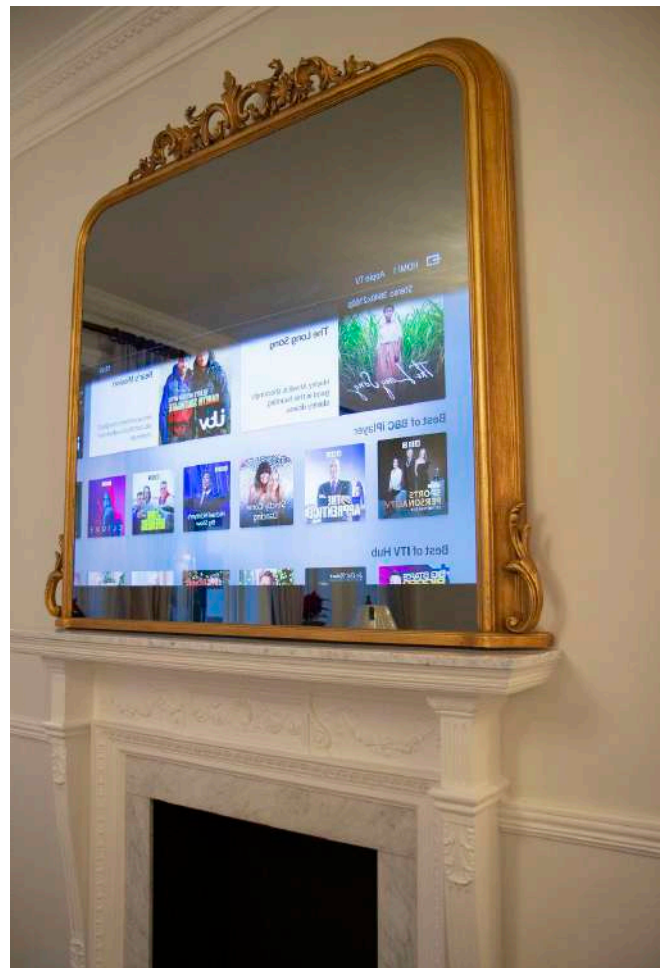

OVERMANTLE TV MIRROR FRAME

Being faced with the dilemma of having either a mirror or a TV over the mantel piece is always a tricky one. Here at Frame Your TV we have a solution to this problem - a Mirror TV! As TVs have become increasingly bigger, it is the last thing you want distracting you from your carefully thought out and beautifully designed home. Mirrors are always a perfect finish for over a mantle, our stylish solution allows you the pleasure to have both. A perfect cinema viewing experience when the TV is on and a perfectly designed home when the TV is off. This complements the look of any room.

Improve Your Viewing Experience

B E S P O K E

LUXURY & CUSTOM TV FRAMES

In the rare instance that you can't find a frame that would perfectly meet your requirements, and you have your own vision of the frame you need, then talk to us. Our skilled craftsmen are able to create your ideal bespoke solution. So, please, don't hesitate to give us a call, we will be happy to turn your idea into reality. See a few examples here.

BESPOKE

RETRO FIT MIRROR TV FRAMES

We can incorporate a TV into your existing mirror. These are normally antiques or mirrors with personal sentiment. This way, we can keep your beautiful artefact intact whilst upgrading it to conceal your TV to give you a truly unique viewing experience.

B E S P O K E

BESPOKE TV FRAMES

Here at Frame Your TV, our bespoke framing service allows our clients to realise their dream bespoke solution. We work in partnership with you to provide a frame that reflects and compliments your style and your home. The possibilities are endless and the sky is the limit.

Customised Packages Including TV & Installation

GLASS TYPES

GREY TV MIRROR GLASS

This glass type allows for a modern tinted look. It has the effect of a smoky mirror. This is widely used for Kitchen Splashbacks and Frameless mirrors.

BRONZE TV MIRROR GLASS

This glass type allows for a modern tinted look adding a bit of warmth to the space. This is widely used with Ornate Frames.

HIGH REFLECTIVE DIELECTRIC TV MIRROR GLASS

This is the most popular type of mirror to incorporate within frames to give a real mirror.

VANITY TV MIRROR GLASS

Due to its high reflective properties, it is mostly used in bathrooms and gyms for applications where the TV is smaller than the mirror. When the TV is turned off it disappears completely.

frame
Your TV
Where Technology Meets Art

B E S P O K E

FRAMELESS MIRROR TV

If you desire a minimalistic look without a frame, we can create this for you in whatever size and shape you choose. Choose from a wide variety of glass types to suit any environment. Also, perfect for a blend of modern and traditional settings in commercial or residential locations.

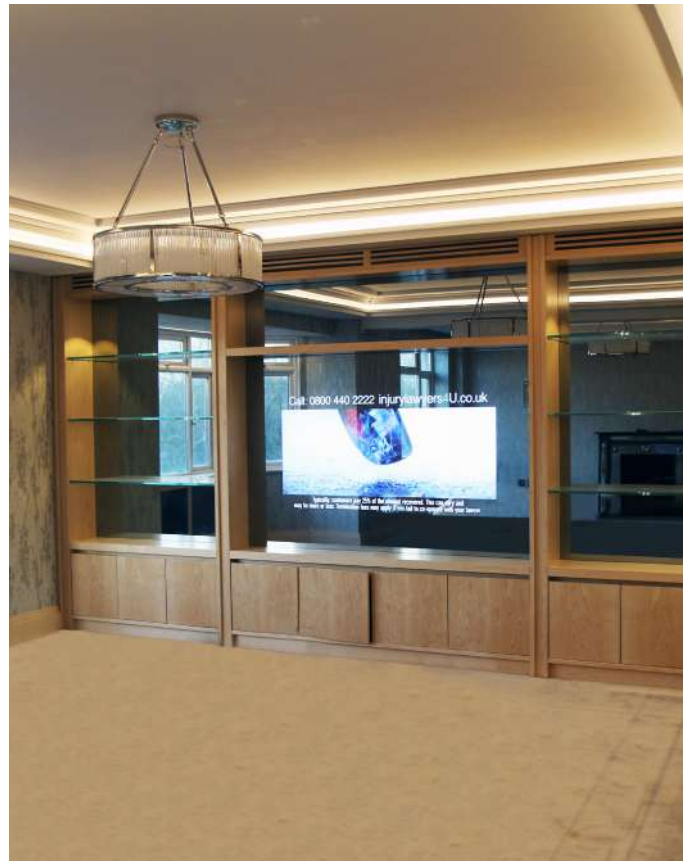

All frameless mirrors have unique bracket systems allowing easy installation and access. Frame Your TV produces Bespoke Mirrored Glass Frames made to size. TV mirrors are the amazing new development from Frame

Your TV. As modern flat-screen TVs become larger and more central to a room, the large black rectangle of a powered-off television can detract from your carefully designed interior.

A TV Mirror can solve this problem and can transform your TV into an elegant feature mirror at the push of a button.

Using advanced beam splitter mirror technology, the TV image appears within the mirror when it is turned on. Turn your TV off and it instantly transforms into a flawless decorative mirror.

FIREPLACE MIRROR TV

Frame Your TV offers bespoke solutions to cover a fireplace and incorporate a TV within a special Dielectric Mirror Glass. We offer bespoke design and installation using glass that is heat resistant. When turned off, the TV will disappear within the Mirror Glass, creating a stunning and elegant design.

BESPOKE

KITCHEN MIRROR TV

With our Kitchen splash-back you can seamlessly integrate a TV within your kitchen. This saves you valuable space and creates that WOW factor for the kitchen you are designing. You can choose from a variety of TV Mirror Glass Styles. We offer bespoke design and installation using glass that is resistant to heat if above a heat source.

For more details and specs discussion, do not hesitate to get in touch with us.

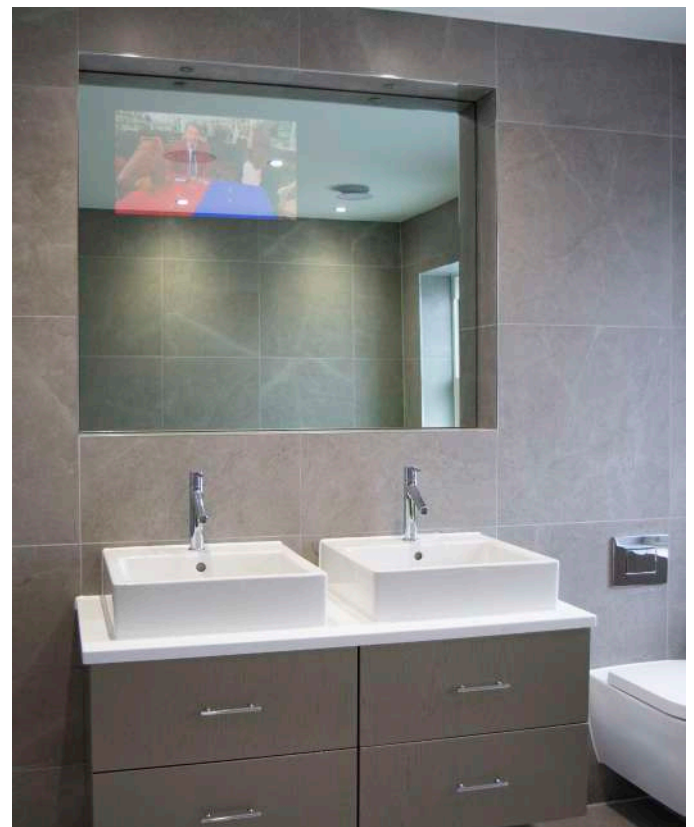

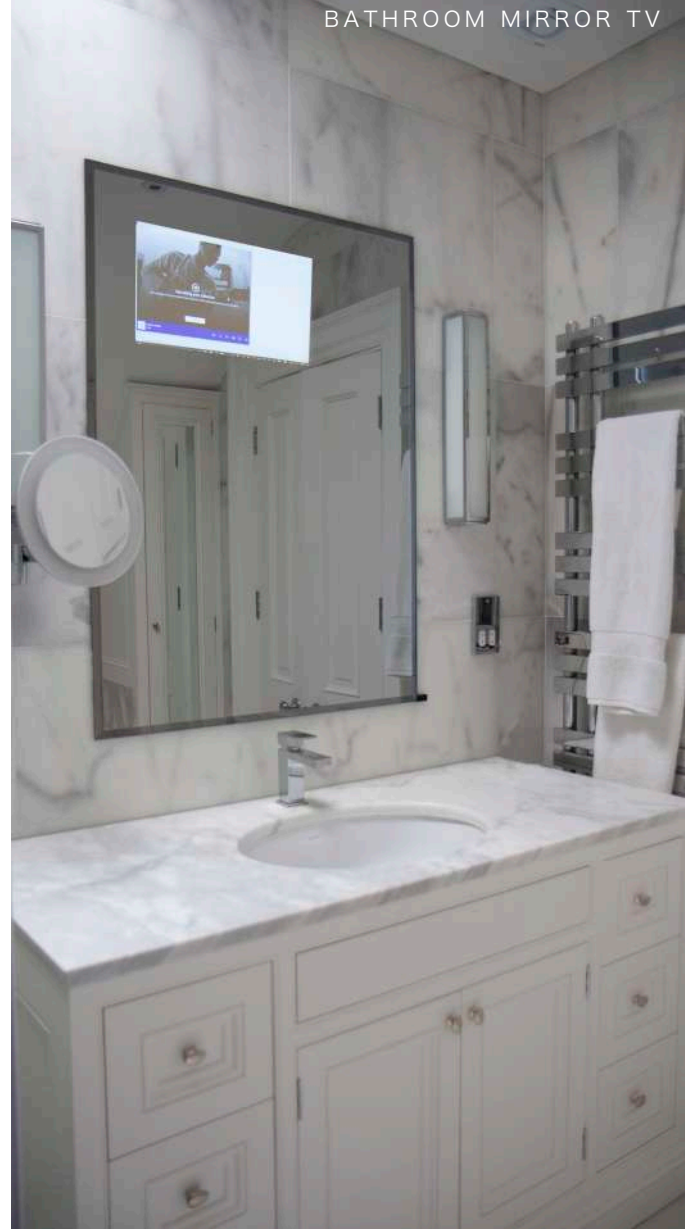

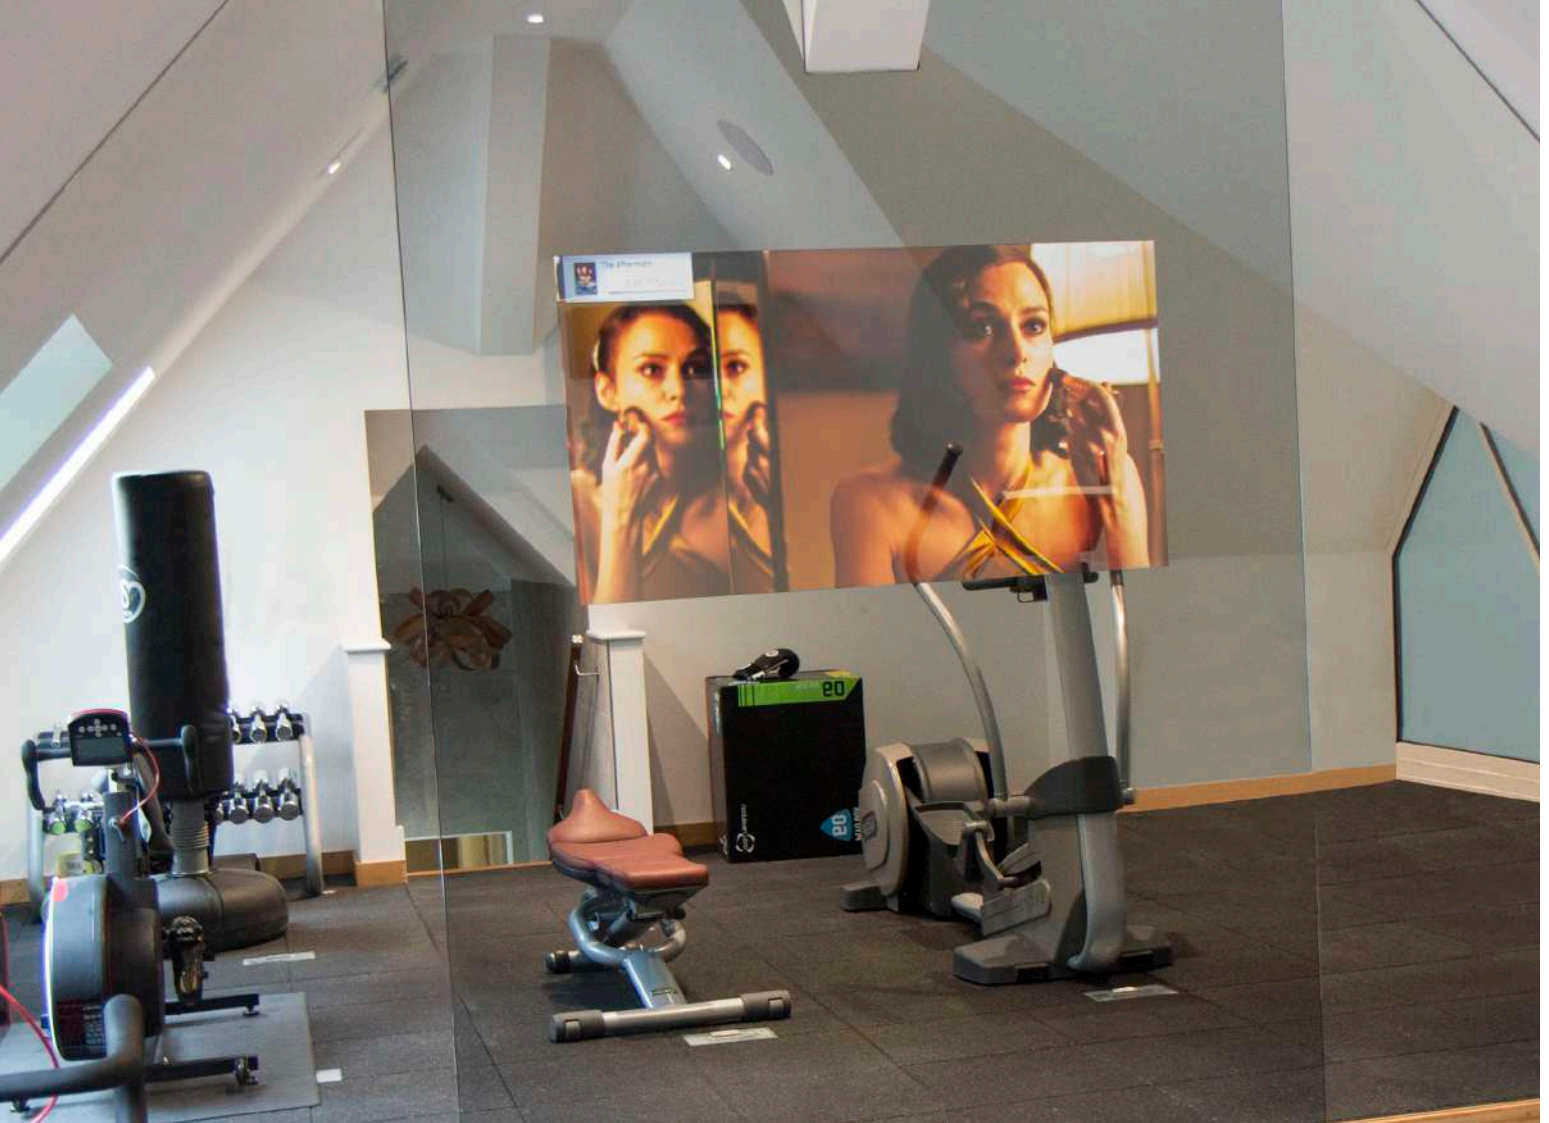

BESPOKE

BATHROOM MIRROR TV

Add sophistication and elegance to your bathroom in only a matter of minutes. An ultra-thin TV is built directly into the custom sized TV mirror, so you would never guess there is a TV hidden behind until it is turned on and the television magically appears. We can work with you on your project and manufacture nearly any size, ranging from small mirrors to entire walls. We are able to work with you on your project and manufacture nearly any size, from small mirrors to entire walls.

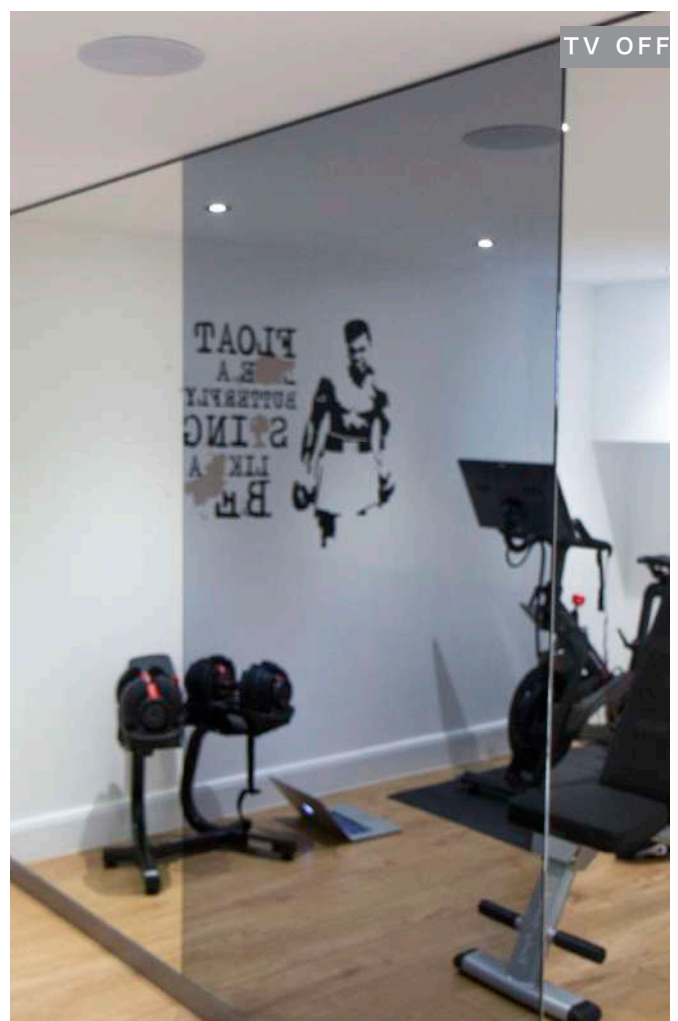

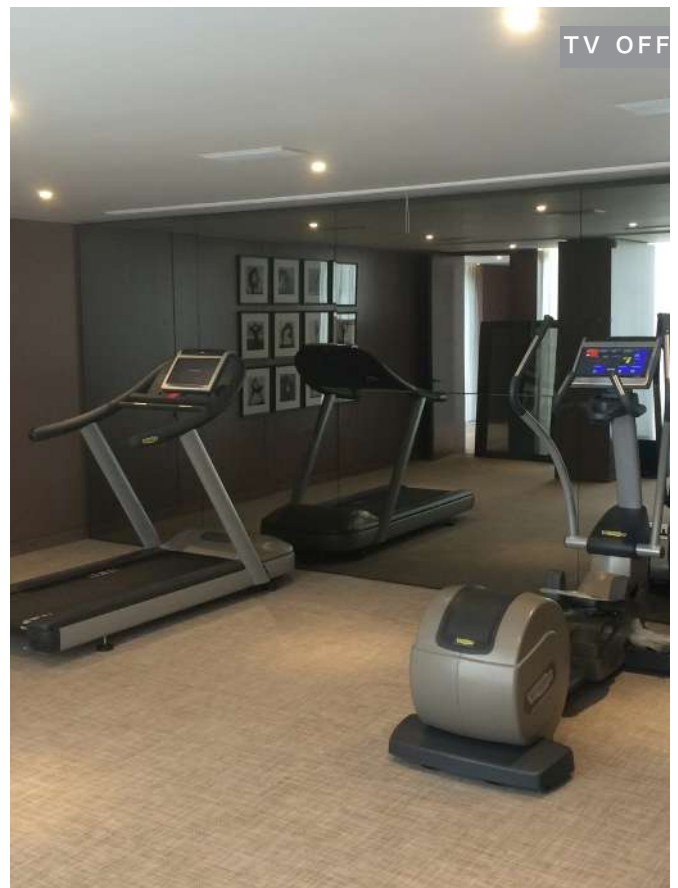

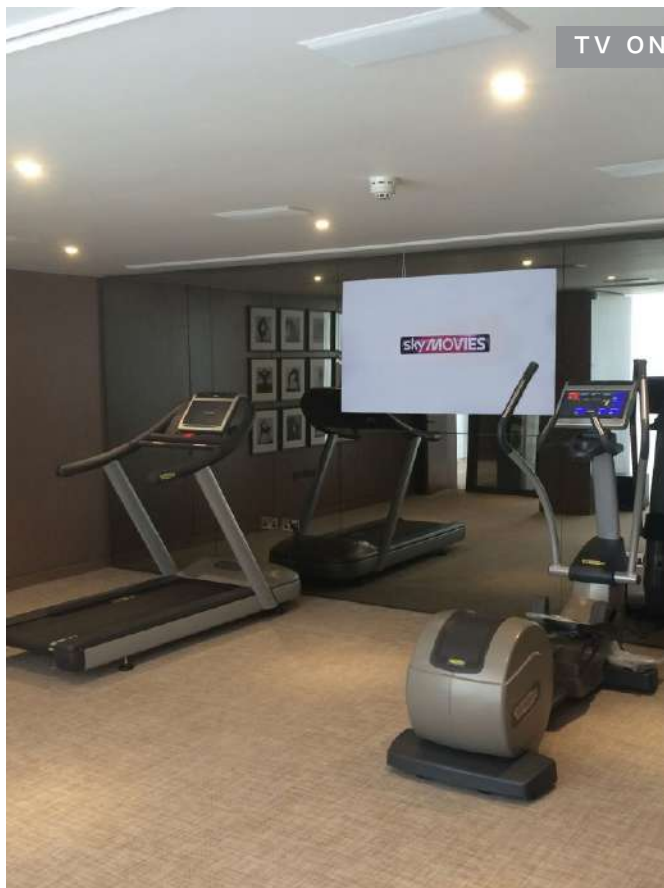

BESPOKE

GYM MIRROR TV

In every gym there are mirrors and there are TVs. It makes perfect sense to combine both to create a seamless design. Frame Your TV offers a bespoke solution to incorporate TVs within special dielectric TV Mirror glass or a combination of regular mirror glass and TV Mirror glass.

All our Bespoke gym TV Mirrors are done in- house, from start to finish. We offer onsite visits and installation, if and when required.

Just get in touch with us to find out more.

MOVING ART TV FRAME

When a Mirror doesn't quite fit into your home décor, one of our Moving Artwork TV Frames can be used to create a completely discrete and unique solution to hiding a television.

There no longer exists a need to choose between art and television. With our moving artwork, your choice of painting can become the centrepiece of any room.

When you want to watch the television, press a button and the canvas smoothly rolls back to reveal your flat screen. You can supply your own artwork in digital format, or we can create

a high-resolution photograph of your favourite work to incorporate into the frame.

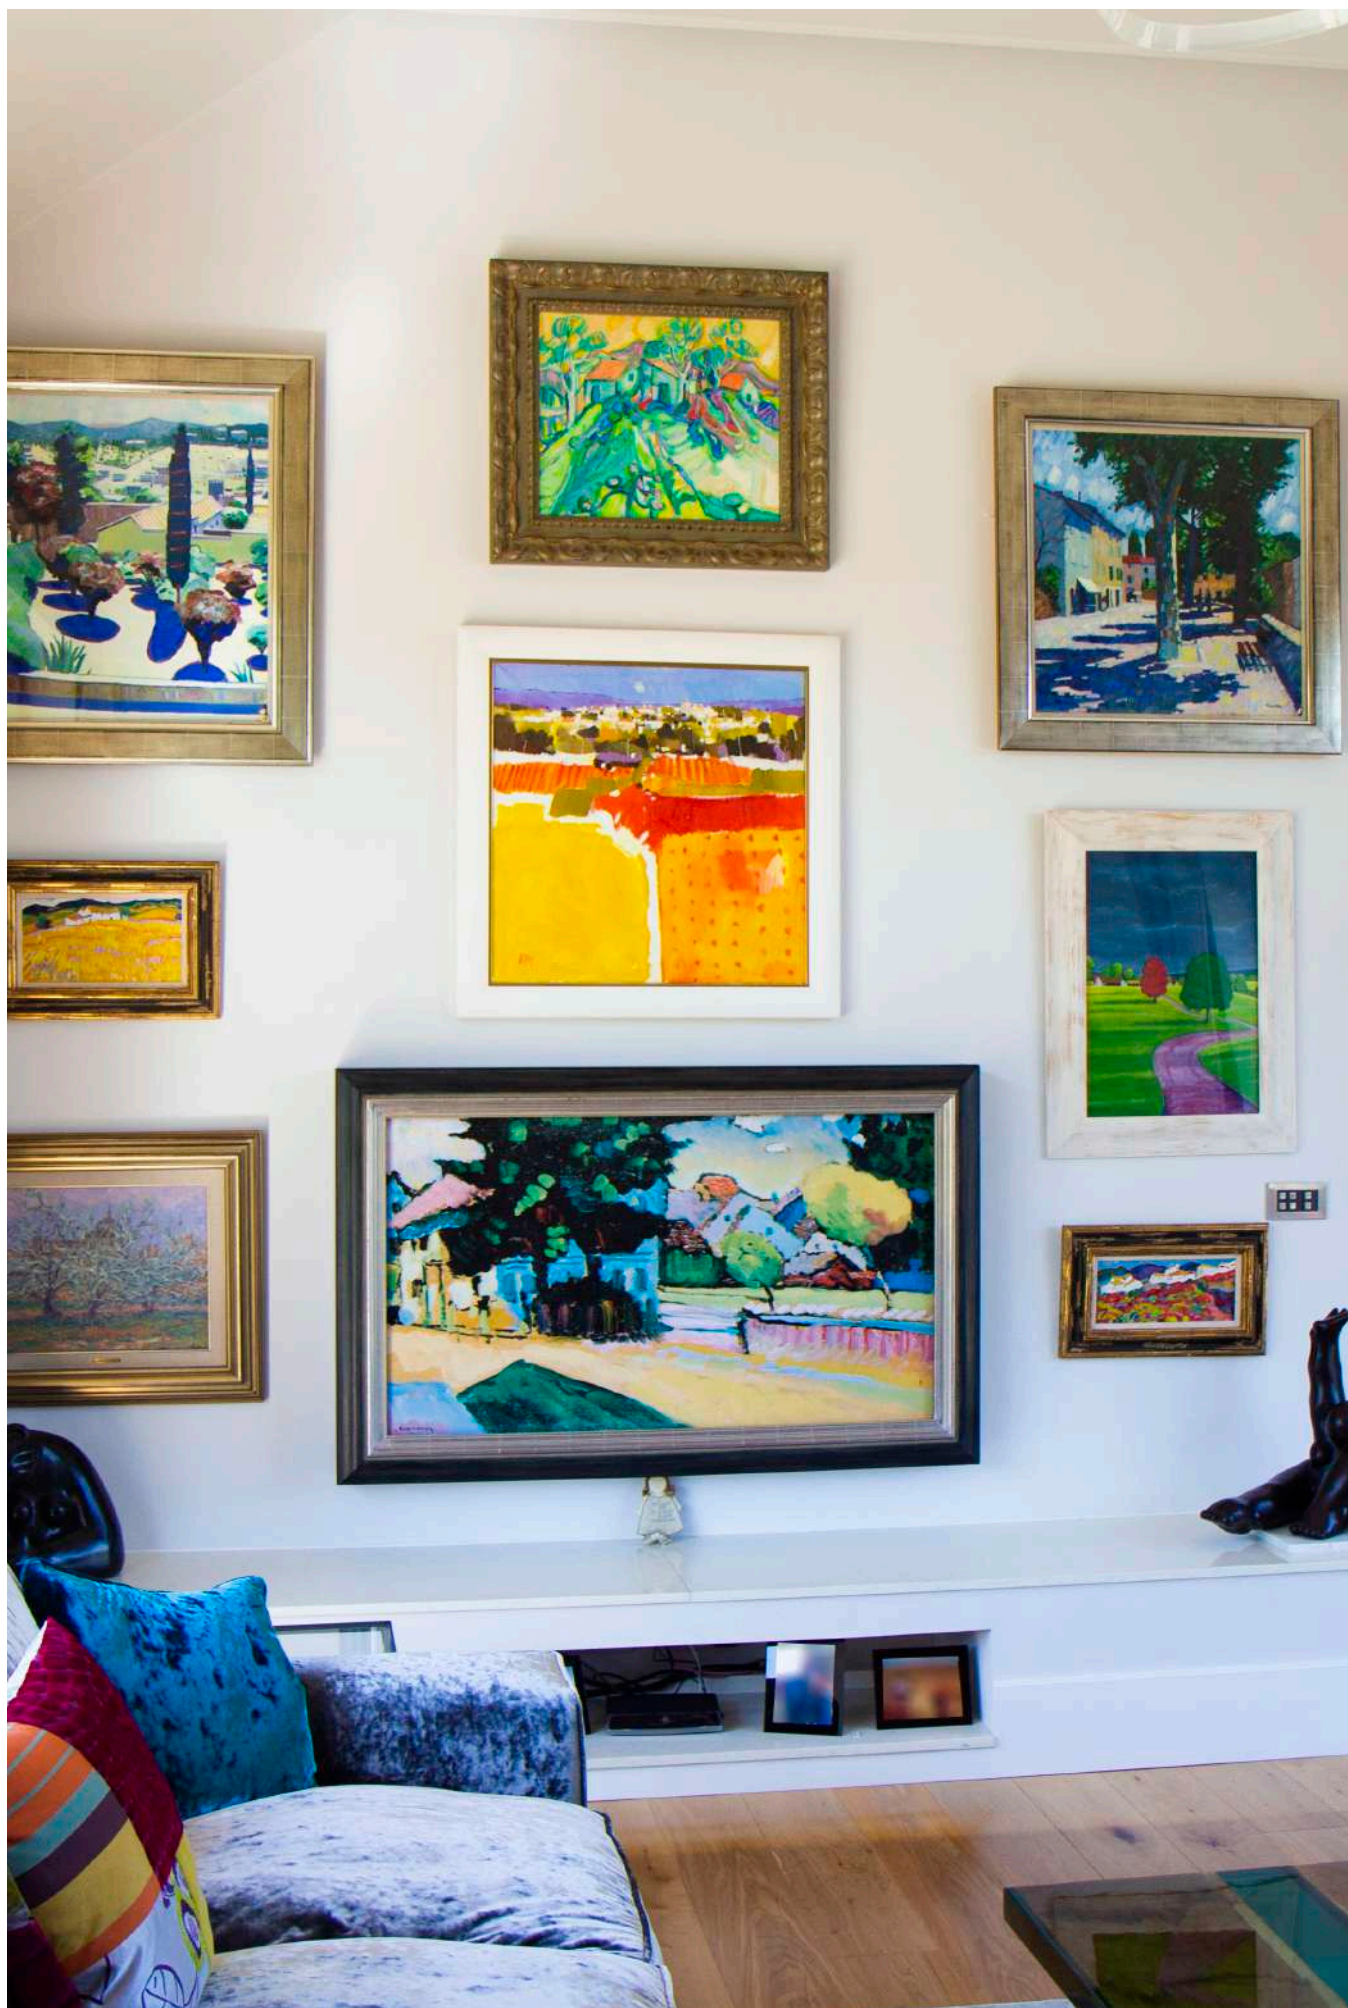

Each painting is created from a professional giclée print applied to a special canvas designed for continuous movement. Moving artwork can be incorporated into any of our bespoke TV Frames and our design advisers will be able to help you select both your artwork, and the frame which will bring your love of art and technology together.

For inspiration, our website has a selection of popular art prints to use with our Moving Artwork frames. We can also use any

photograph or art image of your choice. If you prefer to have an oil on canvas painting, then we can get any image you want painted by an artist and incorporated into your TV Frame of choice.

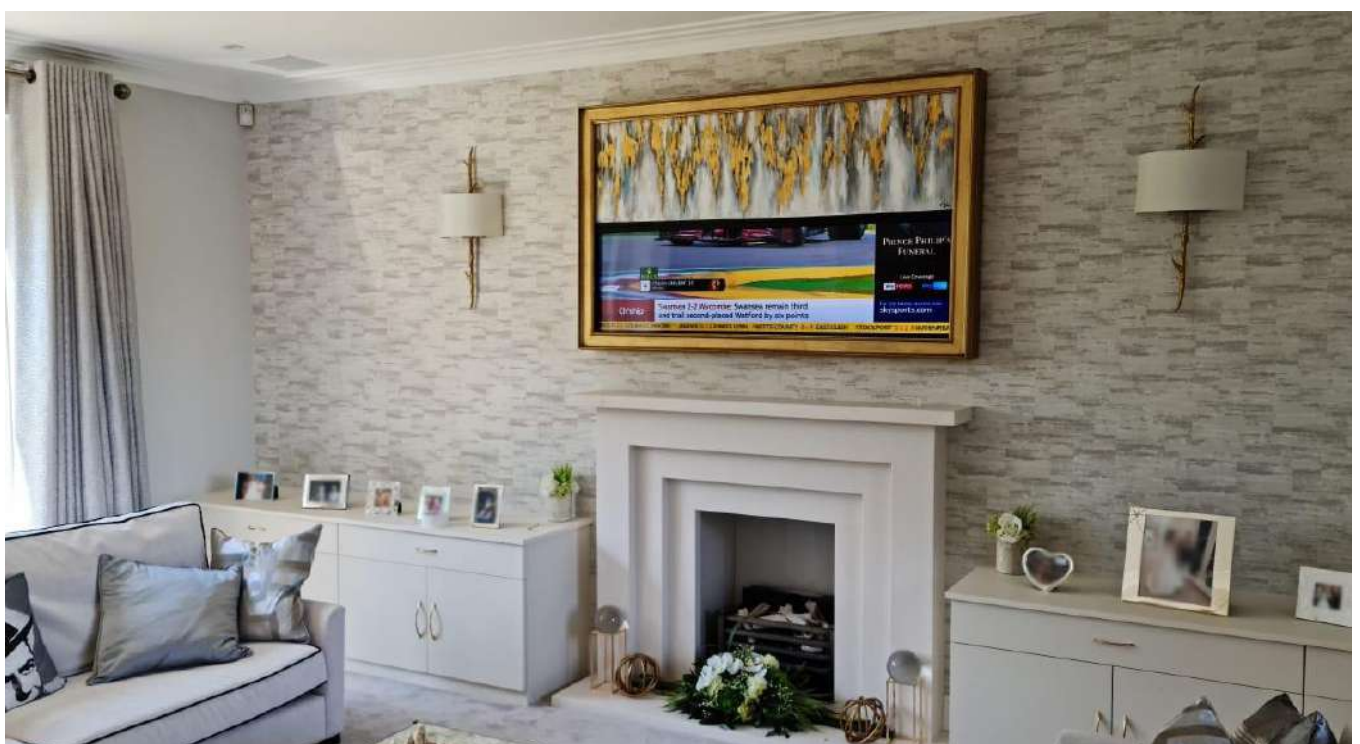

Placed either on the wall or within a recess, the TV is hidden behind your own chosen piece of artwork which is either printed or hand painted onto an authentic Polyester canvas to ensure the real appearance of a hanging piece of Art. From Van Goh to Family memories, you can choose the perfect way to completely conceal your Television behind your chosen piece of Art.

Make Your TV a Piece of Art

Samsung “The Frame” Slip-On TV Frame

Designed specifically for use within Samsung “The Frame” Televisions, our slip-on TV frames reflect our most popular frame choices combined with our simplest affixing method. Simply Slip-On the TV frame and lock in place using the affixing clips, the Slip-On TV frame can be added or swapped out in under 30 seconds. Encompassing the full range of “The Frame” TVs, any size can be transformed into the perfect combination of digital art within a physical medium.

SYDNEY

PRINTED GLASS

There are multiple solutions to incorporate a TV into the décor of a room.
Go for a more modern look with this printed glass solution.

Using new glass cutting techniques, Frame Your TV has opened a new niche in the TV solutions with the possibility of creating your own custom shapes and designs in printed glass.

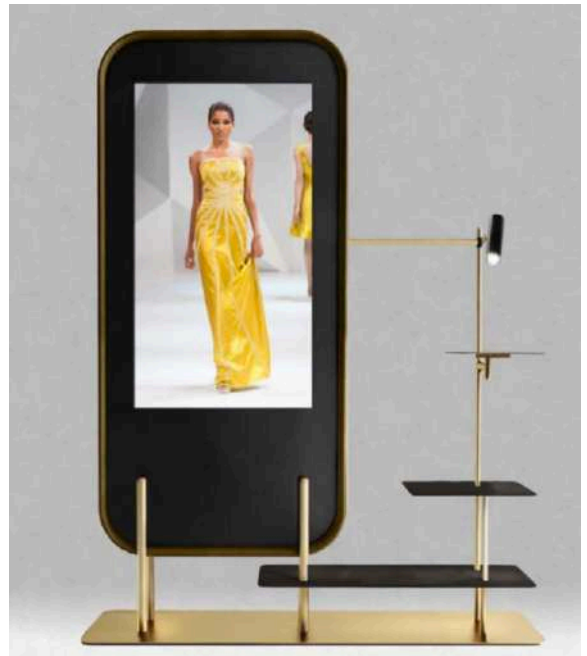

You can choose from an array of designs or let us know what you have in mind and we will help you design a printed glass solution for your TV.

INTERACTIVE TV MIRRORS

Frame your TV are proud to be a market leader working in collaboration with our high profile customers, developing solutions that have put us at the fore front in the market of bespoke interactive mirror TVs. Our interactive mirrors include touch functionality through glass and special software. To date we are considered the market pioneers.

For any enquiries please get in touch with us.

TV MOUNTS & INSTALLATIONS

Our team of professional audio and video installers can ensure that both your TV and Frame are mounted correctly for viewing. Whether it is a single installation, multiple televisions, or cinema rooms with fully integrated home automated control system and any bespoke installations you may require, we ensure the highest quality installation at a time convenient for you.

For our full range of options please visit
www.FrameYourTV.co.uk/mounts-and-installations

UM105L SUPER THIN

ULTIMATE MOUNTS SUPER FLAT TV WALL BRACKET FOR UP TO 90" TVS
Suitable for screens from 50" to 90"

Distance to the wall only 22mm. Maximum load capacity up to 80kg.

Materials is powder coated carbon steel. Installation compatibility: solid wall and single stud.

PFW 6851 DISPLAY WALL MOUNT TURN AND TILT

The PFW 6851 is a swingout mount for displays up to 80 kg / 175 lbs.

Typically fits displays ranging from 42 - 85 inch or displays with a mounting pattern of 200 x 200 mm to 800 x 600 mm.

The PFW 6851 allows up to 45° of swivel to both sides, 10° of tilt and extends up to 40 cm from the wall.

PFW 6850 DISPLAY WALL MOUNT TURN AND TILT

The PFW 6850 is an ultra slim wall mount for displays up to 40kg / 88 lbs. that provides two options for the swing arm placement, allowing the mount to swing out from the left or right, based on the installation requirements.

The swing-out arm extends 76 cm from the wall and provides 15° of downward tilt to achieve the desired viewing angle from virtually anywhere in a room. The lightweight aluminium mount retracts smoothly and easily to a very thin 3,8 cm from the wall. To keep power and cables protected when pulling or pushing the display, cable management channels are built into the arm.

PS40

ARTICULATED TV WALL MOUNT 40" - 75"

Part of the smoothest and most reliable articulated TV wall mount range on the market, the PS40 bracket's unique scissor arm design allows perfect parallel movement and easy one handed operation even with heavy screens. Suitable for screens from 40" to 75" the PS40 Manual Articulated TV Wall Bracket is ideal for use either a pull and turn bracket, or a maintenance bracket.

PSE90

MOTORISED ARTICULATED TV WALL MOUNT 46" - 65"

Suitable for screens from 46" to 65", the Future Automation PSE90

Motorised Articulated TV Wall Mount allows installers to utilise wall space adjacent to the normal viewing position to mount the screen.

With 6 programmable positions, each recallable over IR, RS232 and contact closure, the PSE90 can be programmed to service multiple viewing positions in a room, while on board electronics and built in cable management enable clean and simple installation.

EAD

ELECTRIC ADVANCE & DROP TV WALL MOUNT

The Electric Advance and Drop TV Wall Mount is a one of a kind bracket designed to move a flat screen vertically to a more desirable viewing height.

The down and out movement make this ideal for mounting a TV over a fireplace as the EAD moves forward to clear a mantle piece and then drops down for a more favourable viewing position. A truly unique and creative solution.

FM TV FLOOR MOUNT

The TV Floor Mount offers a simple free standing mounting solution for Flat Screen Televisions. A stainless steel tube and base give this TV floor mount a timeless look and feel and the manual swivel function ensure that the screen can be viewed in more than one viewing position. Fully concealed cable management. Stainless steel finish. Bi-directional Swivel. Universal mounting frame. FM also available with a black base

LSM TV LIFT 42" -79"

The LSM motorised TV lift mechanism is ideal for concealing screens from approximately 42" to 79" in a cabinet or similar space. Compatible with all major home automation control standards, such as Crestron, AMX and Lutron, the LSM range is perfect for integrating into a smart home environment.

SPS SLIDING PANEL SYSTEM

Offering the ultimate wow factor, the Future Automation SPS Sliding Panel System allows complete in-wall screen concealment at the push of a button. Enabling users to transform their viewing environment, the Sliding Panel System's distinctively brilliant design and one of a kind functionality are sure to turn anyone's head.

By concealing the user's TV inside the wall cavity, hidden behind a single or pair of wall panels, the SPS Sliding Panel System keeps the screen out of view when not needed while making sure it's easily and quickly available when required.

TTR TABLE TOP TV ROTATOR

The Table Top TV Rotator is a motorised swivel unit that allows a screen to be electronically rotated either direction on a table or cabinet top.

Ideal for when a screen is needed to be viewed in more than one position but is not required to be hidden away when not in use.

The Table Top TV Rotator allows great functionality in a compact design.

I-LSM INVERTED TV LIFT 42" -65"

The I-LSM inverted TV lift is a vertical ceiling lift that allows a Flat Screen Television to be concealed in a ceiling void and dropped down for viewing. Ideal for use when there is no space available in the room itself for a permanent screen position, the I-LSM allows a screen to be hidden in what would normally be unusable due to access, and motorised down into the room to a perfect viewing position when required.

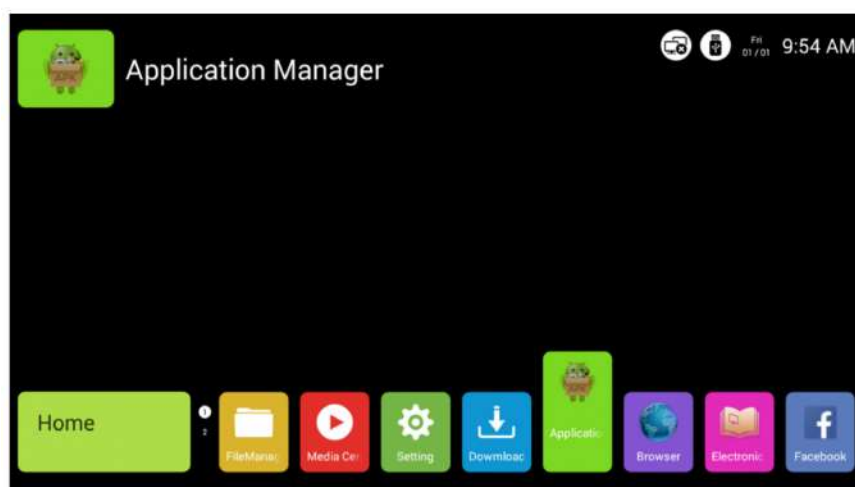

PICSPLIT PICTURE SPLIT MECHANISM

Our PIC-SPLIT Picture Split Mechanism allows a recessed screen to be concealed behind a pair of artwork panels and is an ideal alternative to our standard Picture Lift mechanism when vertical height is at a minimum.

The inbuilt motors quickly and quietly move the artwork panels apart to reveal the recessed screen behind while the intelligent control system keeps the movement of each panel synchronised at all times.

WE HAVE DIFFERENT SOLUTION BRACKETS FOR DIFFERENT APPLICATIONS,
FOR MORE MOUNTING OPTIONS AND ADVICE PLEASE CONTACT US ON 0208 954 5213

TESTIMONIALS

"Now the TV looks part of the Décor in our new Bar and Restaurant. Thank you Frame Your TV for a job well done! "Thank you Frame Your TV for an amazing product and service! When I get more TV's I will definitely frame them."

Thistle Hotel Euston

thistle

"Frame Your TV gave Hamilton Bradshaw outstanding service in designing, manufacturing and fitting bespoke frames for all the screens across our offices. We would highly recommend them."

James Caan, Hamilton Bradshaw

"We bought Pale Hall in Snowdonia in Wales in September 2015 and refurbished it to run as a 5* country house hotel. This is a beautiful Victorian mansion filled with antique furniture and we felt it was wrong to have an ugly modern TV in the rooms so we commissioned FrameYourTV to make 20 bespoke mirrors which fit the décor completely and disguise the TVs in the bedrooms and library. We get much praise from guests for these installations both for their innovation and style."

Alan Harper, Pale Hall Hotel

"The framed TVs harmonise perfectly with the décor of our hotels, creating a co-ordinated and welcoming environment for our customers."

"Thank you Frame Your TV for an amazing product and service! When I get more TV's I will definitely frame them."

Steven Frayne
@Dynamomagician

DYNAMO
MAGICIAN
IMPOSSIBLE

"We were delighted with both the unique product and service quality supplied by Frame Your TV. The TV frames vastly improved the visual interest of our display and we hope to include them as a permanent part of future Yahoo exhibitions."

"FrameYourTV is a dependable, customer oriented company that provides excellent quality and service. As a fashion Consultant, I'm always on the lookout for design concepts and ideas. FrameYourTV products have been a reliable source for my home décor creativity. My clients are amazed with the aesthetic design and concept of my new TV Mirror Frame."

GOK WAN

"Its Lucy from '60-Minute Makeover', it was lovely to speak to you just now about your company 'Frame Your TV' and thank you again for designing and supplying your product for the first programme of the series - we are very excited to feature it, as is the designer."

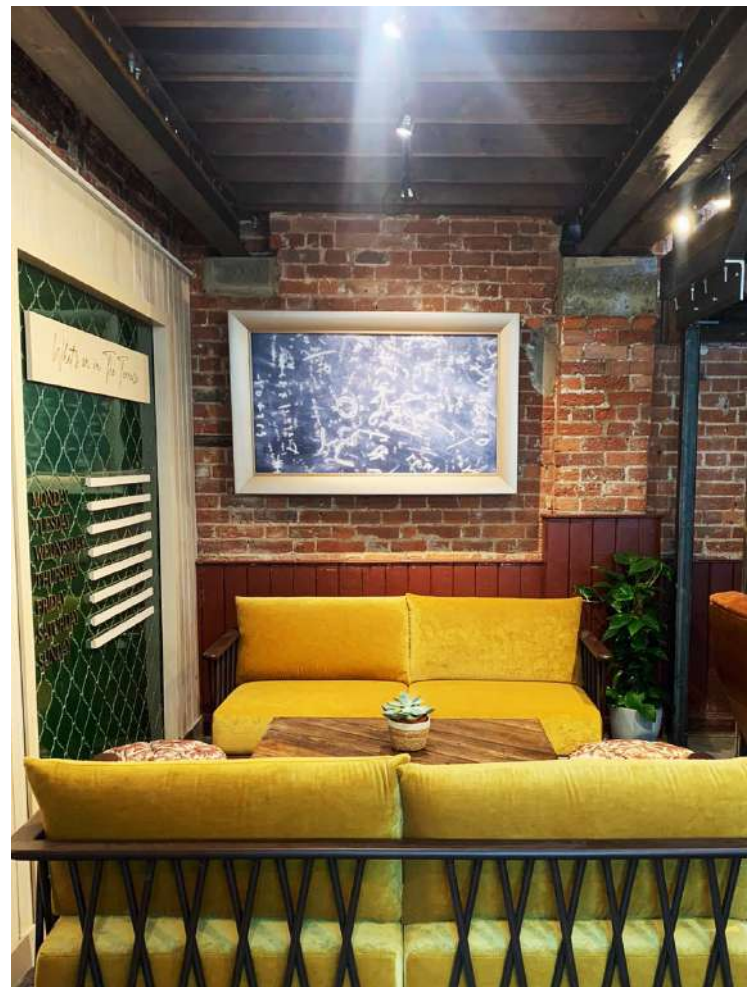

Anna Ryder-Richardson

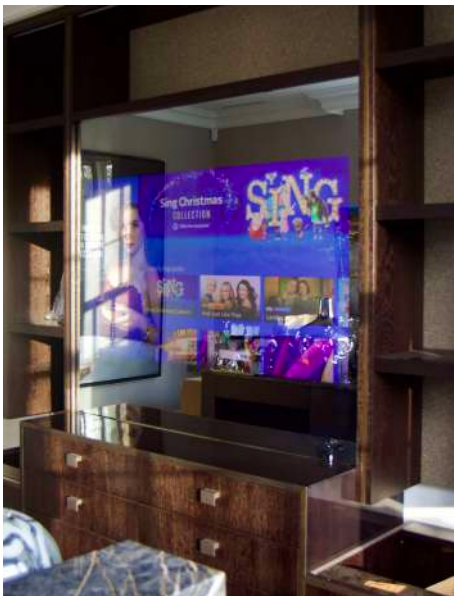

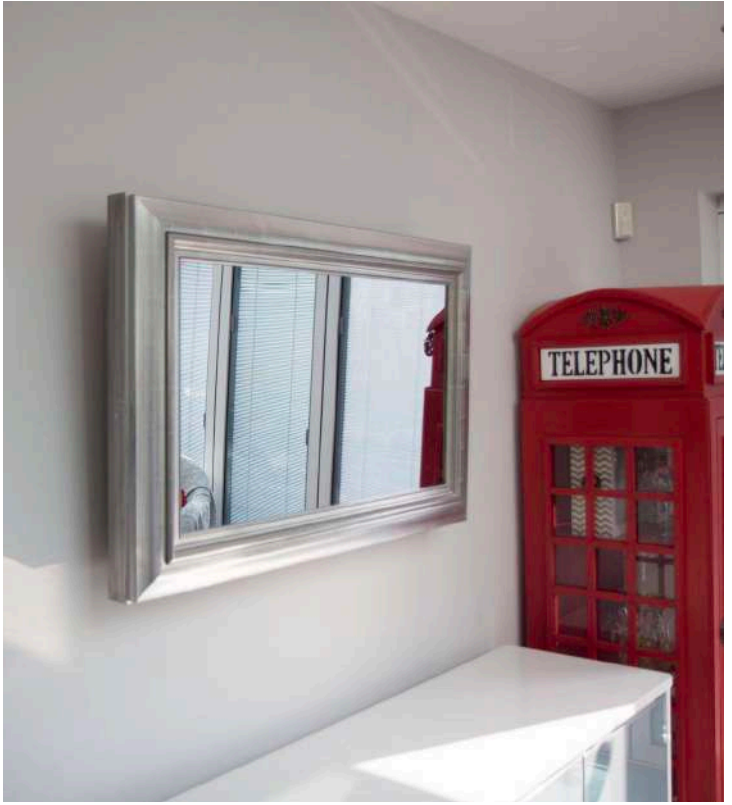

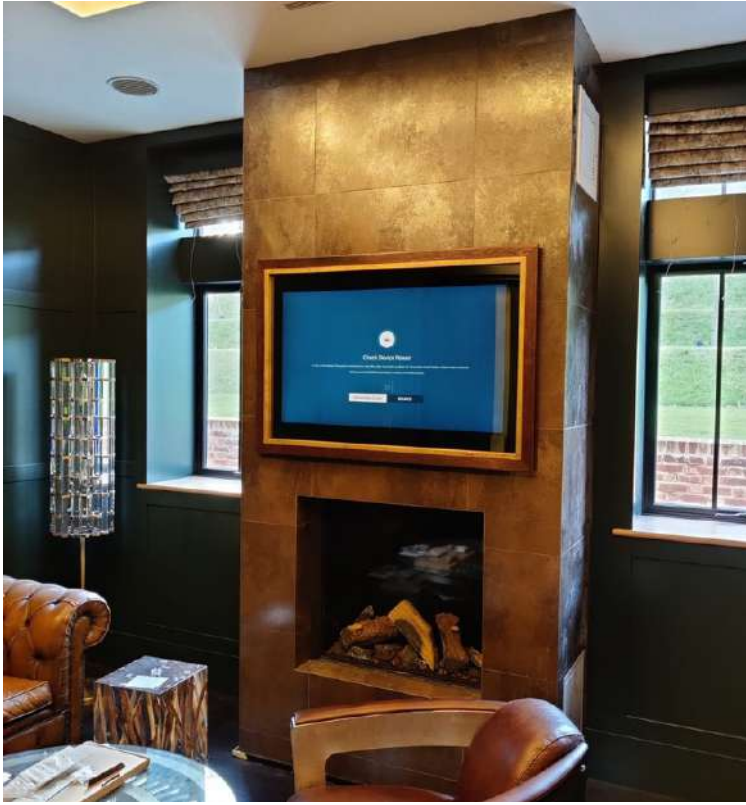

"Working with Frame Your TV on our Westfield Mirror was a really great experience. On the day of our event, Frame Your TV had technological support on standby, and were extremely professional throughout. Their product was really well received and generated significant press coverage for our client, Westfield."

For your frame to be painted one bespoke colour there is an additional charge of £270 for frames up to 43 " and £330 for frames over 43 "

For your frame to be painted in 2 colours there is an additional £420 (inc VAT) for frames up to 43 " and £540 for frames over 43 "(inc VAT)

For special finishes such as high gloss or metallic finishes, get in touch with us with your requirements so we can calculate a price for you
There might be additional paint charges.

Leather and fabric wrapped frames are quoted based on leather/fabric type chosen and upholstery work required. We only wrap our frames with faux leather as a company policy.

Prices are correct at time of print and may be subject to changes.
